## **NEWS RELEASE**

### **BIRD RIVER MINES RECEIVES POSITIVE RESULTS**

**Winnipeg, Manitoba, June 15, 2010:** Bird River Mines Inc. (BDR - CNSX) is pleased to report that its oil well investment located at 14-15-8-28WPM near Sinclair, Manitoba which was drilled in December 2009 and put on pump in January 2010 is now producing at the rate of 22 barrels per day. The well is a vertical well that was drilled into the Bakken and Lodgepole formations to a depth of approximately 975 metres. The operator of the well is Antler River Resources of Pierson, Manitoba. BDR has a 5% gross interest in the well.

An offset well is being contemplated to be drilled in late July and would be a horizontal well. BDR has the right to participate with Antler River Resources on all wells drilled on this property and intends to do so.
